

(From Inside Bartender)
Do you get a message that
you have exceeded your
printer licenses in Bartender?

Open up License server
application in Bartender program
group to understand the problem.
Contact Seagull Scientific support
(425) 641-1408.

From Inside Bartender Do you get
a message that the Seagull
License server can not be
reached?

Please open License server application on the
pc (if this is a single printer license) or on
main pc/ server , that is running License
server. Make sure License server service is
running and can be reached. From Inside
Bartender go to "Administer" menu at top of
the Bartender designer screen. Go to
"Licensing Setup" dialog box. Try ""Test"
button. If connection fails try adjusting
firewall / and Anti Virus "exception" settings.

If you are not able to print your
Label Template from Bartender
directly please contact Seagull
Scientific support at (425) 641-
1408. You may also contact
Accuware at (888) 732-0500
This is a bartender related issue ,
not Label Connecor.
